## **County Moves Closer to Repaving Opal Avenue**

On Tuesday, March 6<sup>th</sup>, the Board of Supervisors approved project plans for the rehabilitation of the pavement on Opal Avenue, from Independence Avenue to 5<sup>th</sup> Avenue, in Mentone.

“Repaving Opal Avenue – a road that is used daily by students at nearby Redlands East Valley High School – is an important project and I am glad our Public Works Department is continuing to move closer to getting this done,” said Third District Supervisor Dennis Hansberger.

The Board’s action authorizes the Public Works Department to advertise for bids, leaving two remaining steps before work begins - completing the bidding process and awarding a contract for the \$500,000 project to the successful bidder.
